**Analysis Prepared by the Department**  
**of Agriculture, Trade and Consumer Protection**

This rule changes the cherry marketing board from a 7 member board, with two districts each represented by 3 board members plus one at large member, to a 5 member board with all members elected at large.

***Statutes Interpreted***

s. 96.10 (1), Stats.

***Statutory Authority***

ss. 93.07(1), and 96.15, Stats.

***Explanation of Agency Authority***

The Wisconsin Department of Agriculture, Trade and Consumer Protection (“DATCP”) has general authority to adopt rules interpreting statutes under its jurisdiction under s. 93.07(1), Stats. DATCP is specifically authorized to adopt rules under s. 96.15, Stats., to facilitate the administration and enforcement of Ch. 96, Stats (the Agricultural Marketing Act).

### ***Related Rules or Statutes***

Chapter ATCP 140 is the overarching rule applicable to each of the individual marketing orders. Chapters ATCP 141 through 148 are the marketing orders with ATCP 141 being the marketing order for cherries.

### ***Plain Language Analysis***

DATCP administers Wisconsin's agricultural marketing law which authorizes the creation of marketing orders for agricultural commodities. Each marketing order board collects assessments from producers of the applicable commodity. The assessments may be expended by the board for promotion, research or consumer education of the commodity. The provisions of Ch. 96, Stats., and Ch. ATCP 140 Wis. Adm. Code and the applicable marketing order (Chs. ATCP 141 to 148) govern the organization of each of the seven marketing order boards, the election of marketing board members, the assessment of producers and the use of assessments.

In recent years, the number of cherry growers has decreased so that currently there are 33 growers. The number of growers in each district has also changed. With the number of growers down to 33, it became difficult to consistently elect 7 members willing to serve on the Board. The Board requested the proposed amendment in order to have representation appropriate to the size of the industry. The Board also requested that the elections be at large rather than by district so that the representation would remain equitable regardless of changes to the location of producers.

In order to make any change to a marketing order, in addition to conducting the traditional rulemaking process, the change must be approved at a referendum of the producers of the affected commodity.

### **Rule Content**

This rule changes the cherry marketing board from a 7 member board, with two districts each represented by 3 board members plus one at large member, to a 5 member board.

### ***Summary of, and Comparison with Existing or Proposed Federal Statutes and Regulations***

#### **Federal Programs**

There is a federal marketing order for cherries under which assessments are collected in a manner similar to the state cherry marketing order. The state and federal marketing orders are operated cooperatively to effectively use the assessments for the benefit of cherry growers.

## **Surrounding State Programs**

Michigan is the only one of the surrounding states that has a cherry marketing order. There is a Cherry Marketing Committee in Michigan made up of between 5 and 13 committee members. The Michigan Marketing Committee has duties and powers that are very similar to the Wisconsin cherry Marketing Board.

### ***Data and Analytical Methodologies***

DATCP worked with representatives of the Wisconsin cherry industry to determine the changes proposed in this rule.

### ***Analysis and Supporting Documents used to Determine Effect on Small Business***

DATCP worked with representatives of the Wisconsin cherry industry determine the effect of the proposed rule on small businesses.

### ***Effect on Small Business***

This rule will have no direct impact on small businesses. The reduction of board membership plus the elimination of election districts will reduce the cost of administering elections.
