Accy 9.01 Definitions. As used in this chapter:

(1) “Board-approved review program” means a program approved by the board to perform a peer review of a firm licensed by the board.

(2) “Engagement review” means to read the financial statements and other information submitted by the reviewed firm or required under applicable professional standards, and the accountant’s report on those statements and that information, of a firm that performs at its highest level of service only services under SSARS or services under the SSAE not included in a system review. The objective of an engagement review is to determine whether the engagements submitted for review conform to applicable professional standards in all material respects.

(3) “Peer review” means a process for a person who is licensed under this chapter to evaluate the professional competency of the members of a firm who are responsible for attest services provided by the firm or who sign or authorize another individual to sign accounting reports or financial statements on behalf of the firm.

(5) “SAS” means the Statements on Auditing Standards issued by the auditing standards board of the American Institute of Certified Public Accountants.

(6) “SSAE” means the Statements on Standards for Attestation Engagements issued by the auditing standards board, the accounting and review services committee, and the consulting services executive committee of the American Institute of Certified Public Accountants.

(7) “SSARS” means the Statements on Standards for Accounting and Review Services issued by the accounting and review services committee of the American Institute of Certified Public Accountants.

(8) “System review” means to review a firm that, at the firm’s highest level of service, performs engagements under the SAS or the Government Auditing Standards (Yellow Book), examinations of prospective financial statements under the SSAE, or audits of non-SEC issuers pursuant to the standards of the Public Company Accounting Oversight Board. A system review includes determining whether the firm’s system of quality control for its accounting and auditing practice is designed and enforced to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards, including the Statements on Quality Control Standards, No. 8, of the American Institute of Certified Public Accountants, in all material respects.
